the best the market affords in motion pictures is what the management of the Auditorium is showing to the Norwich theatregoers and judging from the crowds that attend dally, it is being appreciated. A string orchestra has been engaged to play each evening starting next Monday and this fact alone will greatly improve the value of the picture. Special music will be arranged for each picture, and the orchestra will be made a feature of the program.

They are asking to be shown what it will do.

Since the day that the first Metz moved with ease and sureness, there has been a steady increase in the number of people who realize that gearless transmission is not a mechanical experiment, but is Nature's own method of transmission sanely applied to the automobile.
